EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS   Remote
Full Stack Web Development Student   February 2020 – Present
- Mastered intermediate and advanced topics in full-stack development (including Rails, Git, and DS&A challenges) while building multiple full-stack projects both independently and via pair-programming

Comercial Amaru   Antofagasta - Iquique - San Pedro de Atacama, Chile - Remote
Administrator   August 2011 – March 2020
- De-escalated communication issues consistent and successfully, between management and staff, maintaining a good workflow in the company

Colmena Seguros (Through TI Partner)   Santiago, Chile
TI Consultant   January 2019 – March 2019
- Made easy for any new or current employees to perform critical company processes by documenting them step-by-step and centralizing the SQL queries information needed for all the end-month and end-year calculations
- Kept a good flow of communication between the TI and sales departments, acting as the link between them, making sure all the projects on the pipeline kept their schedule while undergoing major personnel restructure

TI Partner   Santiago, Chile
TI Consultant - .NET Developer   September 2018 – January 2019
- Updated an insurance company agent's commissions calculation system from manual to a website centralizing all the information and calculation for easy access. Co-developed using C#, Kendo Grids, and SQL Server

Metlife (Through TI Partner)   Santiago, Chile
TI Consultant - .NET Developer   June 2018 – September 2018
- Reduced significantly the hours needed to process the insurance policies by creating a Windows service application, using C#, that automatically loaded them into their system

EDUCATION

MICROVERSE   February 2020 – Current
Remote Full Stack Web Development Program, Full Time
- Spent 700+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers

ESCUELA INFORMÁTICA
C# Course   April 2018 – August 2018

UNIVERSIDAD TECNOLÓGICA DE CHILE, INACAP
IT Engineering   2011 – 2015 Incomplete
